EDUCATION

Tufts University

Sept 2020 - May 2022, Medford, MA

M.S. in Innovation Management

M.S. in Human Factors Engineering

Drexel University

Sept 2015 - Jun 2019, Philadelphia, PA

B.S. in Interactive Digital Media

Minor in Tech Innovation Management

AWARDS

Semi-Finalists

Tufts 100K Competition, Zinque 2021

Audience Choice Award

Tufts Idea Competition, Smart Therapy 2020

Best Senior Design Project

1st Place, Overcoming Multiple Sclerosis 2019

AFFILIATIONS

Selected Student Volunteer

Jul 2017 & Aug 2019, SIGGRAPH

Selected Student Volunteer

July 2019, Digital Summit

Selected Attendee

Mar 2019, Design Nation Conference

SKILLS

UX Design & Research

Sketching, Information Architecture

Wireframing, Rapid Prototyping,

User Research, Usability Testing,

Persona, Heuristic Evaluations

Tools

Figma, Sketch, Invision, Axure,

Framer, Keynote, PowerPoint,

Adobe Illustrator, Adobe Photoshop,

Adobe After Effects, Microsoft Office

Programming

HTML, CSS, JavaScript, PHP, Wordpress,

Python, MySQL, GitHub

WORK EXPERIENCE

Product Design Intern / Helpsy Health

Sept 2020 - Jan 2021, Sunnyvale, CA

- Collaborated with the engineering teams and health informatic teams to design assets and interactions that communicate Helpsy Health to the world.
- Developed user interfaces from low fidelity wireframes to pixel-perfect interactive mock-ups across mobile apps to websites.

Product Designer / Safesense

July 2019 - Jun 2020, Philadelphia, PA

- Used an iterative design process for the bicycle safety project, utilizing user research, competitive research, wireframing, visual design, and usability testing to create the product.

UX Researcher / Overcoming Multiple Sclerosis

Sept 2018 - Jun 2019, Philadelphia, PA

- Designed protocols recruited participants and facilitated user sessions for 6 phases of remote research (US, UK, AU) with 40+ participants.
- Fostered fluid communication between the research and design team to help implement the changes of the OMS's 7 step recovery program.
- Clearly articulated research findings and design recommendations by telling a compelling story for the design, development team and stakeholders.

UX Researcher Co-op / Clarivate Analytics

Apr 2018 - Sept 2018, Philadelphia, PA

- Conducted and analyzed over 15 different key research projects with a variety of qualitative/quantitative methods such as surveys, focus groups, 1:1 interviews, ethnographic research, and observations.

UX Design Intern / Nextrabs

Jun 2016 - Aug 2016, Yangon, Myanmar

- Expanded international presence for clients such as RockStarz Asia, Connect by CrossBridge, and Miss Kaya by designing and developing engaging websites that increased customer retention by 50%.

LEADERSHIP EXPERIENCE

Drexel Chapter Founding Designer / Onyx Valley

Jan 2019 - Aug 2019, Philadelphia, PA

- Established student chapter on campus that influenced diversity and inclusion in the user experience field.

UX Workshop Host & Speaker / PennApps

Sept 2019, Philadelphia, PA

- Hosted an interactive workshop at the University of Pennsylvania, focusing on user personas and user journey mapping.
